## **regional, organic and quality**

At the Erasmus Paviljoen we want to stand for quality, not only in our service to you, but also in our products. Therefore we prefer to work together with regional and biological suppliers. Better for you, better for our environment. Let us shortly introduce our partners:

### **Man met Bril Koffie**

The true and only Rotterdam Coffee maker! No Starbucks in the Paviljoen, but fresh and tasteful Rotterdam coffee. That is what Man met Bril Koffie stands for, and what we believe in!

### **Pinky Rose**

Fresh homemade soda, with a bite. A local chef makes his own fresh & serious syrups, which we turn into a handcrafted lemonade. For the moments you want a little more kick than a soda, but when you're not ready for the drizzle of any alcohol. No artificial additives, only organic ingredients and homemade. Give it a try!

### **Rootz**

They work together with farmers and growers that focus on the word 'recycling' to achieve fairtrade products. Starting domestically, Rootz facilitates the connection between consumers and a healthy soil.
